- Uniti Double Sided Tape 12mm x 20m 2 Pack
- Uniti Pony Beads Alpha Black 75gm
- Scissors

Popsicle Stick Photo Frame

Step-by-Step Instructions

Skill Level: BEGINNER

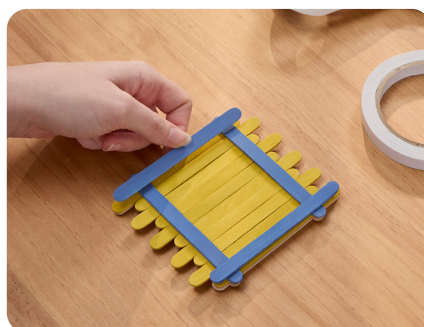

- 1 Set up your paints in a paint palette. Paint 10 popsicle sticks in your chosen colour and leave them to dry.

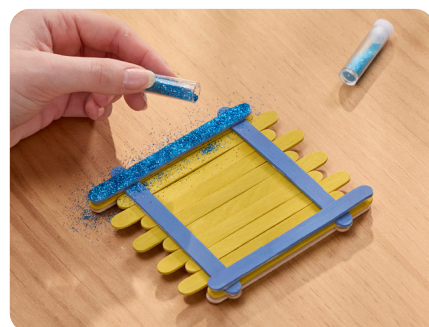

- 2 Paint 4 more popsicle sticks in a different colour. Sprinkle on glitter while the paint is still wet if you'd like some extra sparkle.

- 3 Once all the sticks are completely dry, glue the 10 painted sticks side by side with the painted side facing up to create the backing of your frame. Stick two popsicle sticks lengthways to help support the frame.

- 4 Glue the 4 decorated popsicle sticks into a square and attach them to the front to create the photo frame opening.

- 5 Decorate your frame with beads, sequins, stickers, or any other embellishments.

- 6 Cut your favourite photo to fit inside the frame opening.

- 7 Create a stand by cutting the rounded ends off an extra popsicle stick. Attach the stand to the back of the frame using double-sided tape, leaving the backing strip in the centre of the tape.

- 8 Allow the glue to dry completely before displaying your handmade photo frame.
